ネイサン先生からのメッセージ

Hello friends!

This is Nathan from Adventure English school. I'm a teacher from Alabama in America. I've been living in Fukuoka for 8 years. I have a family of 5 people.

There are my 3 children, my wife, and I. Living in Japan I have learned about many new foods and dishes I haven't seen before. I've also seen foods that are similar to foods I like. One of my favorite Japanese foods is a sweet white bean cake type of desert shaped like a fish. In Japan it's called Taiyaki. I call it a sweet bean bread fish. I also found something we usually call shish kabob. It's grilled meat on a stick. The most popular type in Japan is yakitori or grilled chicken on a stick. I really love to eat delicious dishes and hope you can tell me about your favorite dish too.
