ローリー先生からのメッセー

Hello, dear English Adventurers!

I'm a teacher from Tennessee, near America's beautiful Great Smoky Mountains. I've lived in Fukuoka with my husband for almost 25 years now, and have enjoyed this lovely seaside city as my second hometown. I love the happy feeling that comes from sharing laughter and meaningful communication with students, friends, and family. Music and singing are also important to me, and I need them in my life every day.

● For kinder and Let's Go students / 幼児～小学生

Please draw a picture of you and your family have a happy time together!
Where are you? At the park having a picnic? Maybe playing with your favorite toys? Use lots of colors to tell me your picture story!

楽しい絵を描いて送って！

● For junior high and high school students / 小学生～中学生

We all love music, right? Please tell me about your favorite singer or music group!

Who are they? What genre of music is it? What's your favorite song, and why do you think it's so cool? Explain what you think using 5 sentences or more.

Tell us why you love it!

皆さんが好きな音楽ジャンルやグループについて教えてください。

● For adults / 中学生～大学生・大人

Songs, whether they are sung by a solo artist or group, go hand-in-hand with *memories*! What song evokes a great memory in your mind whenever you hear it? Which song still lives in one of your unforgettable memories? Perhaps a song from your school days? Or one from your favorite movie? Maybe a song that was playing on the radio while riding in a car with a friend? Enjoy a ride down memory lane!

I look forward to hearing your Song Story!
